

SAFEGUARDING VULNERABLE GROUPS POLICY

The Hanover Community Association (the HCA) is a charity which manages the Hanover Centre as a venue for hire. As a charity, the HCA do not run their own regular activities involving working with children and other vulnerable adults. Should such a one-off event be organised by the HCA, a thorough risk assessment is carried out to ensure there is no unsupervised access to this highlighted group.

In the case of individuals hiring the Hanover Centre venue, our Hire Agreements state it is the Hirer's own responsibility to ensure appropriate checks are carried in respect of their activities.
